PRICE TRANSPARENCY NOTICE

In accordance with Senate Bill 17-065: Transparency in Direct Pay Health Care Prices, Kit Carson County Health Service District (KCCHSD) has posted on our website the prices for our most common health care services. Posted prices may not reflect the actual amount of your financial responsibility. If you are covered by insurance, we strongly encourage you to consult with your health insurance carrier to determine accurate information about your insurance benefits and financial responsibility for healthcare procedures. If you are not covered by health insurance, you can contact the Hospital's Billing Department at 719-346-4790 or the Rural Health Clinic at 719-346-9481, to discuss payment options prior to receiving healthcare services. If you need assistance, our facility offers payment plans and a Charity/Financial Assistance Program for eligible patients. We can also answer questions on price estimations for services not listed on our web-site.

Disclaimer

I understand that the following pricing information is based on historical data and is an estimate of charges for the service without complications. The prices are subject to change and the final bill you receive will reflect the actual charges at the time of your visit for the services provided to you by this facility. This estimate does not include physician fees or charges for any additional tests ordered for your care. Depending on your service, some patients may receive multiple bills for services received and that physician, lab and radiology bills (among others) may come from different entities that are owed separately from the hospital.

If you have questions or need to file a complaint, please contact the hospital's Financial Counselor at 719-346-4784 or the Rural Health Center at 719-346-9481.
