TO THE PATIENT: You have the right, as a patient, to be informed about your condition and the recommended surgical, medical or diagnostic procedure to be used so that you may make the decision whether or not to undergo any suggested treatment or procedure after knowing the risks and hazards involved. At this point in your care, no specific treatment plan has been recommended. This consent form is simply an effort to obtain your permission to perform the evaluation necessary to identify the appropriate treatment and/or procedure for any identified condition(s).

This consent provides us with your permission to perform reasonable and necessary medical examinations, testing and treatment. The consent will remain fully effective until it is revoked in writing. You have the right at any time to discontinue services.

You have the right to discuss the treatment plan with your physician about the purpose, potential risks and benefits of any test ordered for you. If you have any concerns regarding any test or treatment recommend by your health care provider, we encourage you to ask questions. I voluntarily request a physician, and/or mid-level provider (nurse practitioner, physician assistant, or clinical nurse specialist), and other health care providers or the designees as deemed necessary, to perform reasonable and necessary medical examination, testing and treatment for the condition which has brought me to seek care at this practice. I understand that if additional testing, invasive or interventional procedures are recommended, I will be asked to read and sign additional consent forms prior to the test(s) or procedure(s). ## **NO SHOW POLICY**

At Consultants in Obstetrics and Gynecology, we recognize that your time is valuable and we strive to be as punctual as possible, but we need your help to do so! We request that all patients arrive with the complete documentation or arrive at least 15 minutes before scheduled time. This allows us to update your information and make the necessary preparations before you see your provider.

Our goal is to provide quality service to our patients. Failure to keep scheduled appointments is costly to the practice, yourself, and other patients. This notice is to inform you of our policy concerning "No Shows".

Patients who are not able to keep their appointments are asked to cancel before 48 hours leading up to the appointment time. We realize that it is not always practical, as unforeseen circumstances arise. We will consider those on a case-by-case basis. Providing this notice gives us the opportunity to work in other patients, thus utilizing the practice's time in a wise manner. If any patient cancels or no shows his/her appointment three times in a row, they will be considered dismissed from the practice and a dismissal letter will be sent. If a new patient no-shows their first appointment, they will not be allowed to schedule any future appointments with this practice.

I have read this policy and understand the details within it.
